Clinic Overview

THIS CLINIC IS FOR INTERMEDIATE AND ABOVE RIDERS! You must be able to walk, trot and canter your horse on a loose rein. If you are not able to do so, we suggest you audit the clinic.

- You are a secure and confident rider; you also enjoy riding for several hours at a time. If you are not at this level then we recommend auditing the clinic.

- The course requires that you bring a horse that you are comfortable riding at a walk, trot, and canter on a loose rein.
- This is a group clinic and your horse needs to be reasonably manageable. Chris and his instructors will not be able to take extended time away from the clinic to address a separate issue. Individual assistance will be given as needed and up to a certain amount, without interfering with the progression of the group.

The number of participants will be limited so each rider can expect to get individual feedback from Chris throughout the clinic, as well as benefit from the feedback he will give others. The 3 Day Clinic is progressive and the knowledge learned will build each day. The practical, effective techniques and methods taught are fundamentals of Chris Cox's program, and can be used every day to communicate with your horse.

To get a head start and prepare to come to a 3 Day Clinic, we recommend Chris' DVD **GROUND WORK IN PREPARATION FOR RIDING**. This DVD will assist you with the terminology and what will be expected on ground work with your horse. This DVD is available for purchase online at www.chris-cox.com or via phone order at 940-327-8113. Come prepared and ready to learn with an open mind. Please inform us on any physical problems or disabilities that will hinder you and your horses' ability, **prior** to attending the clinic.

General Clinic Rules:

- No smoking is permitted.
- No dogs or pets are allowed at the clinic or facility grounds with the exception of a certified service dog (papers must be with you).
- No alcoholic consumption or other drug use is permitted during clinic hours.
